MEMORANDUM FOR: Deputy Director of Intelligence

FROM:

Director of Training and Education

25X1

SUBJECT: Appreciation for Contributions of Directorate
of Intelligence (DI) Analysts

Over the past two years, the staff of the Career Trainee Development Course (CTDC) has revised the International Economics segment of the training program, changing it from a lecture-oriented segment to one that features a number of interactive exercises. As a result of the changes, the course is now accomplishing its objectives in a more meaningful manner. Were it not for the excellent participation of numerous DI analysts in the program, we could not have successfully implemented the revised course. The analysts on the attached list who participated on behalf of the DI are to be commended for the enthusiasm and substantive expertise that they brought to our program. A number of those listed have been especially generous with their time, appearing on more than one occasion at successive runnings of the course. I would be grateful to you if you would convey to them the staff's appreciation for their solid work and if you would make them aware of our need for similar support in the future.
